

淡輪  
TANNOWA

2014 年

Table showing tide data for Tanawa (淡輪) in 2014. The table is organized by month (7月, 8月, 9月, 10月, 11月, 12月) and day. For each day, it provides times and heights for '満潮' (High Tide) and '干潮' (Low Tide) at '時分' (Time) and 'cm' (Centimeters). Specific tidal phases like '上弦', '望', and '下弦' are also indicated. A note at the bottom states the tide table is based on a zero point of average sea level (平均海面下 95.0 cm).
