

Himawari-8 Maintenance

In line with planned Himawari-8 satellite maintenance for best detector select (BDS) mapⁱ updating, no observation will be performed during the following periods:

02:40 – 02:50 UTC (Observation IDⁱⁱ: P017), 16 December, 2019

04:00 – 04:40 UTC (Observation IDs: P025 – P028), 17 December, 2019

Himawari-9 will be non-operational during the maintenance period on these two days.
